Summertime Tips

Timely Tip:

Grilling is popular in the summer, but take precautions to avoid grill fires: keep your grill at least 10 feet away from other objects, place grill on a flat, ventilated surface, and clean regularly to remove grease and fat buildup.

It's hard to believe another summer is here. Keep on track over the summer with the following tips and reminders.

Life Events Reminder While generally able to change your benefit elections only during annual open enrollment, certain life events may qualify as an exception; these include: spouse's loss of health coverage, FMLA-related leave, loss of dependent status, marriage, birth, and more. If such an event occurs in your life, notify the District benefits contact immediately about your options. Visit [aetna.com](https://www.aetna.com) to learn more about life events.

COVID-19 Resources COVID-19 may seem a thing of the past but cases are currently on the rise. Continue to take precautions to protect yourself and those around you whenever possible.

Aetna offers COVID-19 resources at [aetna.com](https://www.aetna.com).

Mental health issues like anxiety and depression have been rising during the

pandemic due to issues like social isolation, economic stress, and loss of loved ones. Plus, new research suggests that those who have had COVID-19 are at higher risk of developing mental health conditions.

Accessing Medical Services

Summer is the time when many catch up on doctor visits, labwork, and other medical services. Take a proactive role for better health: see your doctor yearly, obtain suggested screenings, and follow through with doctor's orders.

Learn how to get the most from your doctor visit at [aetna.com](https://www.aetna.com); search for in-network providers with the *Find-a-Provider* tool at our benefits website: *HR Department / Benefits Online*.

Health Insurance Terms Refresher

We wrap up this series with a final assortment of helpful health care terms:

Dependent Status Change: If your dependent loses or gains eligibility for group coverage, it is your responsibility to adjust your health plan status accordingly. This includes, for example, *disenrolling* a spouse from whom you are now divorced or *enrolling* a newborn or new spouse for coverage. It is important to register a status change without delay to avoid loss of coverage or unexpected costs.

Eligible Dependent: An individual, adult or minor, who qualifies for group coverage under your plan based on certain guidelines.

Drug Formulary: A list of generic and brand-name prescription drugs that are chosen by your pharmacy plan to treat certain health conditions. These drugs have been evaluated and researched for safety and effectiveness, and are often the most cost-effective versions of commonly prescribed medications.

Summary of Benefits and Coverage (SBC): A uniform document that outlines the benefits offered by a specific health plan.
