**\*The NJ Educators Plan and the Garden State Plan have identical benefits on the medical and the prescription. The differences between the two plans are as follows:**

- The NJ Educators Plan has a nationwide network the same as the \$35 copay plan.
- The Garden State Plan for both in-network and out-of-network, only covers providers located in the State of New Jersey. Unless there is a true medical/accident emergency all providers out of state are not covered.
- The Garden State Plan network of providers is different than the providers under the NJ Educators Plan. See the following page.
- If anyone wishes to enroll in the Garden State Plan, they must complete the attached affidavit acknowledging they understand they may not use providers outside of New Jersey.
