

Wellness

ActiveFit®+ helps you make your health and wellness a priority.

Welcome to ActiveFit+!

Now more than ever, physical activity can make a big difference in your mental and physical health. **North Brunswick Board of Education** wants to help you get and stay active. Starting **10/01/2022**, we are offering the ActiveFit+ wellness solution to encourage you to exercise 12 days or more per month. Members who achieve their monthly goal of 12 days of activities or more will earn a \$20 incentive! ActiveFit+ allows you to reach your wellness goals by:

- + Visiting an approved fitness facility
- + Walking 10,000 steps a day
- + Submitting an ActiveFit@Home™ Workout

Only one activity per day will count towards your monthly goal.

Participation in the program is easy and done through the ActiveFit+ mobile app which tracks gym visits, uploads steps, encourages home workouts, and validates physical activity.

Access the **ActiveFit®+Blog** for more information about mindfulness, recipes, work-out tips, and more. When ActiveFit+ is running, it imports your step count from a compatible wearable device or mobile app. ActiveFit+ can detect when you've entered a participating gym and log the visit toward your monthly wellness goal.
