

The ride to work
just got more comfortable.

You need it if you want to save money.

- Save an average of 30% on parking.¹
- Easy to use – get the free MyFlexSM mobile app and manage your account on the go.
- Sign up any time to start saving – there's no "use it or lose it" as long as you remain employed by your current employer.

Commuter Parking Accounts

And when we say “save”, we mean up to hundreds of dollars a year.

All you have to do to get going is decide how much to contribute (up to the allowed monthly limit). From there:

- Funds are moved from your paycheck and added to your account before taxes are deducted.
- As soon as funds are available in your account, you can start using them for qualified commuting expenses.
- You can pause or cancel contributions to your account at any time.

It's easier than fighting traffic.

No matter where you go, it's easier to pay.

Parking Options:

- Send payments directly to your parking provider.
- Get reimbursed for eligible commuting expenses you pay out of pocket.

Start saving now. Like right now.

You don't need to wait for Open Enrollment. Just contact your benefits manager to get going.
