## Take Stock for 2020

*Timely Tip:* Be sure your holiday lights are safe! Discard any with damaged cords or plugs. If buying new, confirm if safe for indoor or outdoor use. Use a ladder made of nonconductive materials, like wood or fiberglass, to reduce risk of electrocution.

Your health is critical and worth thinking about since the new year and new decade are around the corner. So, take stock and plan for a healthier, better you in 2020. Consider this:

- **Start 2020 off with a trip to your doctor.** Annual wellness visits can help you keep track of routine measurements, like height, weight, and blood pressure, but can also help detect changes and identify any risks you may have for chronic diseases.
- **Exercise regularly.** Don't be intimidated—join the gym! Most offer access to plenty of equipment. Check out Aetna's [GlobalFit](#) or log into [myahatpa.com](#) to get started.
- **Add more healthy foods to your diet.** Slowly adding fruits, veggies, and meats like fish or chicken to your diet helps you maintain a healthy weight.
- **Meditate, relax, be mindful.** Mental health is just as important as physical

health. Try activities that help you [de-stress](#), like an organized sport, art class, reading, or meditation.

- **Make a monthly plan:** Take action!

**Week 1:** Create a wellness plan;

what do you want to improve?

**Week 2:** Get started and stick to it!

**Week 3:** Look for improvement; what do you need to adjust?

**Week 4:** Finish the month strong!

**Week 5:** Reflect...did you succeed?

Plan next month's action now!

## Plan Reminders

Be aware that **Aetna** is issuing new ID cards to comply with recent New Jersey legislation. Be sure to use your new card after January 1, 2020!

Our new *Benefits Online* website offers 24/7 access to plan news and resources: just log into our *Staff Portal* and click on *Benefits Online!*

## Holiday Dieting Tips

With so many social gatherings during this time, it can be difficult to avoid good food and drinks. Whether you're dieting or just trying to maintain your healthy lifestyle, fear not—you can survive the holidays and wake up on January 1 without feeling remorse or guilt. Try these following tips and watch this short [video](#) for motivation:

- **Don't go to a party hungry**—Eat before attending a party so you don't arrive on an empty stomach and devour everything in sight.
- **Eat slowly**—Be mindful of every chew. It takes your body 20 minutes to realize when it's full.
- **Pace yourself when drinking**—Alcohol can be dangerous at holiday parties, as overindulgence cannot only cause embarrassment, but also pack on the pounds.
- **Make socializing your top priority**—If you're distracted with conversation, you'll be occupied and less likely to indulge in food or drinks.
- **Don't feel pressured to eat leftovers**—If you have an abundance of leftovers after hosting a party, don't feel like you have to eat them just because you don't want them to go to waste.
- **Practice self-control**—For example, allow yourself one plate of food at a party, and promise yourself that you won't go back for seconds.

## Healthy Recipe

### Curried Squash Stew

#### Ingredients

- 1 Tbsp. vegetable oil
- 1 yellow onion (chopped)
- 2 cloves garlic (minced)
- 1 celery stalk (chopped)
- ½ tsp. ground cinnamon
- 1 large zucchini (chopped)
- 2 Tbsp. curry powder
- 3 cups butternut squash (chopped)
- 1 14.5-ounce can low-sodium tomatoes (diced)
- 1 14.5-ounce can low-sodium chickpeas (drained, rinsed)

#### Directions

1. Heat cooking oil in large pot on the stove over medium heat; add onion, garlic, and celery, and cook about 10 minutes, until the onion is tender.
2. Add zucchini and curry powder; cook for 10 minutes, stirring occasionally.
3. Add butternut squash, tomatoes, and chickpeas, and cover; continue cooking for about 10 minutes.
4. Serve with cooked brown rice.

Makes: 4 servings
